Mani - could this work for now?

Gloria

----- Original Message -----

Dear Gloria,

Thank you for bringing this matter to my attention. I am in the process of having our regulation changed to reflect the recognition of IHRA courses being acceptable for Surrey School District student participation. In the meanwhile, as changing the paperwork can take some time, in my authority as Assistant Superintendent, I grant permission to amend regulation 8901.3 (2.1 (a)) to include IHRA tracks. All other articles of the regulation still apply.

Thank you,

Rick Fabbro

AS OF: 23/09/96

**SCHOOL DISTRICT NO. 36 (SURREY)**

REGULATION  
**HIGH SCHOOL BRACKET RACING**

NO:  
8901.2

**1. BACKGROUND**

- 1.1 Motorsport racetrack enterprises organize and operate bracket racing for secondary school students at their facilities.
- 1.2 The B.C. Secondary School Motorsports Association (BCSSMA) is an association formed by a number of teachers interested in developing and encouraging bracket racing for secondary school students. The BCSSMA facilitates communication between the racetrack operator of events and schools.
- 1.3 The Board, through schools, operates automotive programs and facilitates related activities for students. The development of vehicles for high school bracket racing is considered to be conducive to creating student interest and enthusiasm for school in general and for automotive programs in particular.
- 1.4 The Board is not the sponsor, organizer, operator or supervisor of high school bracket racing or race-related events or activities.
- 1.5 For the purpose of this regulation, a "restricted area" at a bracket racing event is defined to be any area which requires special authorization, credentials or permission to enter or to which admission by the general public is restricted or prohibited.

**2. REQUIREMENTS FOR STUDENT PARTICIPATION**

- 2.1 In-school promotion and organization of bracket racing activities for secondary school students is only permitted for events:
  - a) At motorsport racetracks operated pursuant to National Hot Rod Association (NHRA) certification, insurance and safety arrangements; and
  - b) Promoted by the BCSSMA for high school students only races limited to elapsed times in the one quarter mile of not less than twelve (12) seconds.
- 2.2 Meetings must be organized for parents and students at which:
  - a) information on the rules and regulations of the sport will be provided;
  - b) students and parents will be advised that the school district is not responsible for loss or damage regarding vehicles while being transported to or from, or being operated in motorsport events and that motor vehicle insurance is generally null and void while vehicles are participating in motorsport activities;
